Facing African Realities

P.O. Box 238 Bujumbura, Burundi Tél: +257 22 23 7973

University Website: hau.bi; E-mail: info@hau.bi

Victor BARANTOTA (PhD)

RECTOR OF HOPE AFRICA UNIVERSITY

WELCOME TO HOPE AFRICA UNIVERSITY!

Hope Africa University (HAU) is a university with a motto: "Facing African Realities". It is a community of students, lecturers, staff, and faculty from different African countries united by a concern to create an ideal learning framework.

HAU, deeply rooted in Christian principles, extols a transformational higher education. In fact, in order to get a solution to problems of humanity, scientific knowledge alone is not sufficient. It is therefore necessary for graduating students to be trained both spiritually and scientifically.

With 23 years of existence, HAU is for sure one of the private universities in the region, and its repute has crossed national borders. Hope Africa University is known, in the sub-region, for its quality training based on French-English bilingual system. HAU has already provided **8874** degrees to different students from different corners of the world in the different departments.

It is a honor to me to follow the footsteps of my preceding Rectors, namely the late Bishop Elie A. BUCONYORI, founder and first Rector, Bishop Gerald Bates and Sylvain NZOHABONAYO. I am very happy to carry out and perpetrate that mission of contributing to changing life of humanity by providing an ideal structure of transformation.

WHAT IS HOPE AFRICA UNIVERSITY?

HAU is an institution of higher education, registered by the Burundian Government under n° 610/1379 of 26th September 2003, of the Ministry of National Education and Scientific Research with the authorization n° 610/1113 of 16th August 2005 setting on the equivalence of the degrees delivered by HAU. HAU is a cosmopolitan and friendly learning community where students progress well in their studies. Every year students join us from many schools, Universities, and countries of the world.

HAU was established by the Free Methodist Church in Eastern and Central Africa, on 6th February 2000 in Nairobi, Kenya. It shifted to Bujumbura (Economical Capital of Burundi), on 2nd February 2004. Since February 2012, the University opened a campus at "Mount Hope" in Gitega (the Political Capital), in the center of the country, and another one at Gishingano in Bujumbura Suburbs in 2021.

Vision

Well-equipped academically and Professionally, Hope Africa University Graduates solve individual, community and regional problems.

Mission

To transform students for character development and service, through professional and academic programs for the purpose of glorifying God and serving humanity.

THREE CAMPUSES OF HAU

NGAGARA CAMPUS

HOPE MOUNT CAMPUS OF GITEGA

GISHINGANO CAMPUS

The academic year at HAU begins from February to January. The admission of the new students is always from October to January.

Message from the Publisher

Welcome to the 2024 Edition of the East African Education Directory which is issue No. 18

Education sector in the East Africa region is now coming back to normal after 3years of COVID 19 ravaged them. Many of the education institutions and suppliers have started standing on their feets after long break due to COVID 19. As one of the key promoters of the sector, we have now started updating the datas a fresh because many institutions lost out or closed down during the pandemic. In the next edition, we will endevor to provide you with the new updated informations on telephone numbers and other contact addresses. The information about DRC Congo which is new member of the block is not comprehensively included here, but we look forward to unvail it in the 2025 edition.

I would like to encourage our customers that East Africa integration is real and is still on track despite those hiccups. We are still doing our role of providing you with these information for free. East African Education Directory which is a valuable source of Education information, a first of its kind in the region. The education sector has witnessed tremendous transformation over the past two decades in terms of curricula offering in line with the social, economic and political changes that have occurred in the region over the period. The directory strives to give useful information about the education sector in the seven East African Community Countries.

This includes new happenings in the sector: policy changes new opportunities as well as key sector players shaping the destiny of the sector. For example Kenya has come up with new curriculum called "CBC" with junior secondary which started in the begining of 2023. Information in this directory will give parents / guardians and student's reference points for all the crucial information on the education facilities available for children. It will also serve as a reference focal point for all stakeholders in the education sector: i.e. school managers, students, parents, researchers and policy makers.

The directory strives to provide up to date information on education service and facilities available in the seven East African Community Countries. It contains current contacts addresses of primary schools, secondary schools, international schools, tertiary institutions, universities offering professional career courses in the region and other education support services.

The directory act as a career guide to education stakeholders.

In this 2024 edition we have comprehensive data for universities in East Africa even though we had few advertisements. The directory is arranged on alphabetically starting from Burundi, DRC Congo, Kenya, Rwanda, Tanzania, South Sudan and Uganda. I once again take this opportunity to thank our esteemed and loyal advertisers across the EAC region, without your support, we would not be able to print this directory. Please continue supporting us.

I take this opportunity to seek your independent opinion to help us upgrade the 2024 edition to another standard. If your institution is missing in this edition, email us on: info@eaeducationdirectory.com

Please contact us on below addresses.

East Africa Community Background

EAC Secretary General,
Hon. Dr. Peter Mutuku Mathuki

The East African Community (EAC) is the regional intergovernmental organization of the Republics of Kenya, Uganda, the United Republic of Tanzania, South Sudan, Republic of Burundi and Republic of Rwanda with its headquarters in Arusha, Tanzania.

The EAC aims at widening and deepening co-operation among the partner states and other regional economic communities in, among others, political, economic and social fields for their mutual benefit.

The Treaty for Establishment of the East African Community was signed on 30th November 1999 and entered into force on 7th July 2000 following its ratification by the Original 3 Partner States – Kenya, Uganda and Tanzania. The Republic of Rwanda and the Republic of Burundi acceded to the EAC Treaty on 18th June 2007 and became full Members of the Community with effect from 1st July 2007.

Aims and Objectives

The EAC aims at widening and deepening co-operation among the Partner States in, among others, political, economic and social fields for their mutual benefit. To this extent the EAC countries established a Customs Union in 2005 and are working towards the establishment of a Common Market by 2010, subsequently a Monetary Union by 2012 and ultimately a Political Federation of the East African States.

Enlargement of the Community

The realization of a large regional economic bloc encompassing Burundi, Kenya, Rwanda, Tanzania, South Sudan and Uganda with a combined of 177 million people, land area of 1.85 million sq kilometers and a combined gross domestic product of $ 41 billion, bears great strategic and geopolitical significance and prospects of a renewed and reinvigorated East African Community.

Current status

The regional integration process is at a high pitch at the moment. The encouraging progress of the East African Customs Union, the enlargement of the Community with admission of Rwanda and Burundi, the ongoing negotiations of the East African Common Market as well as the consultations on fast tracking the process towards East African Federation all underscore the serious determination of the East African leadership and citizens to construct a powerful and sustainable East African economic and political bloc.

Vision

The vision of EAC is to be a prosperous, competitive, secure, stable and politically united East Africa.

Our Mission

The mission of the Community is to widen and deepen economic, political, social and cultural integration in order to improve the quality of life of the people of East Africa through increased competitiveness, value added production, trade and investments.

Our Values

Underpinning the EAC is our commitment to our values:

- Professionalism
- Accountability
- Transparency
- Teamwork
- Unity in Diversity
- Allegiance to EAC ideals

The Secretariat

The Secretariat is the executive Organ of the Community. It ensures that the regulations and directives adopted by the Council of Ministers are properly implemented, and provides the Council of Ministers with strategic recommendations.

EAC Headquarter

The headquarters of the EAC Secretariat is located in Arusha, Tanzania.

Our Leadership

At the head of the EAC Secretariat is the Secretary General.

The Secretary-General is the principal executive and accounting officer of the Community as well as the Secretary of the Summit; he/she is appointed by the Summit for a fixed five-year, non-renewable term.

The four Deputy Secretaries-General deputies and support the Secretary-General in the management and executive direction of the EAC Secretariat. They are appointed by the Summit on recommendations of the Council and on a rotational basis. Each Deputy Secretary-General can serve a maximum of two three-year terms.

The Counsel to the Community is the principal legal adviser to the Community.

How we work

The EAC Secretariat is organized along 6 key offices, each having distinct spheres of responsibility. These key offices coordinate seamlessly as they carry out the day-to-day work of the Community.

Executive Office of the Secretary-General

- Office of the Secretary-General
- Counsel to the Community
- Corporate Communications and Public Affairs
- Regional Co-operation in Defense
- Internal Audit
- Resource Mobilization

Productive and Social Sectors

Productive Sectors Directorate

Social Sectors Directorate

Co-operation in Political Matters

Political Affairs Department

International Relations Department

Peace and Security Department

Finance and Administration

Finance Directorate

Human Resources and Administration Directorate

East Africa Community Organs

The main Organs of the EAC are the Summit, the Council of Ministers, the Co-coordinating Committee, the Sectorial Committees, the East African Court of Justice, the East African Legislative Assembly and the Secretariat.

The Summit

The Summit comprising of Heads of Government of Partner States gives strategic direction towards the realization of the goal and objectives of the Community.

The Council of Ministers

The Council of Ministers (or simply, the Council) is the central decision-making and governing Organ of the EAC. Its membership constitutes Ministers or Cabinet Secretaries from the Partner States whose dockets are responsible for regional co-operation.

Every year, the Council meets twice, one meeting of which is held immediately preceding a meeting of the Summit. The Council meetings assist in maintaining a link between the political decisions taken at the Summits and the day-to-day functioning of the Community. Regulations, directives and decisions taken or given by the Council are binding to the Partner States and to all other Organs and Institutions of the Community other than the Summit, the Court and the Assembly.

The Council, each year, elects a Chairperson by rotation to serve a one-year term to the office of Chairperson of the Council of Ministers.

The Coordinating Committee

Under the Council, the Coordinating Committee has the primary responsibility for regional co-operation and co-ordinates the activities of the Sect oral

Committees. It also recommends to the Council about the establishment, composition and functions of such Sect oral Committees. It draws its membership from Permanent / Principal Secretaries responsible for regional co-operation from the Partner States.

Subject to any directions given by the Council, the Coordinating Committee meets twice a year preceding the meetings of the Council. Moreover, it may hold extraordinary meetings at the request of the Chairperson of the Coordinating Committee.

Sectoral Committees

Sectoral Committees conceptualize programs and monitor their implementation. The Council establishes such Sectoral Committees on recommendation of the Coordinating Committee.

The Sectoral Committees meet as often as necessary for the proper discharge of their functions.

The East African Court of Justice

The East African Court of Justice (or simply, the Court) is the principal judicial Organ of the Community and ensures adherence to the law in the interpretation and application of compliance with the EAC Treaty. It was established under Article 9 of the Treaty for the Establishment of the East African Community.

Arusha, Tanzania is the temporary seat of the Court until the Summit determines its permanent seat. The Court established its Sub-registries in the Partner States, which are located in the premises of the National Courts.

The Court is currently composed of ten judges, appointed by the Summit from among sitting judges of any Partner State court of judicature or from jurists of recognized competence, and the Registrar who is appointed by the Council of Ministers.

The Court has two divisions: an Appellate division and a First Instance division.

For more information, please visit the EACJ website.

The East African Legislative Assembly

The East African Legislative Assembly (EALA) is the Legislative Organ of the Community and has a cardinal function to further EAC objectives, through its Legislative, Representative and Oversight mandate. It was established under Article 9 of the Treaty for the Establishment of the East African Community.

The Assembly has a membership comprising of 45 elected Members (nine from each Partner State), and 7 ex-officio Members consisting of the Minister or Cabinet Secretary responsible for EAC Affairs from each Partner State, the Secretary-General and the Counsel to the Community totaling 52 Members.

The Assembly draws the authority to establish its Standing Committees from its Rules of Procedure. It currently has 6 Standing Committees to execute its mandate:

The Accounts Committee;

The Committee on Legal, Rules, and Privileges;

The Committee on Agriculture, Tourism and Natural Resources;

The Committee on Regional Affairs and Conflict Resolution;

The Committee on Communication, Trade and Investment, and

The Committee on General Purpose.

The EALA Commission which oversees the management of the Assembly is established following the enactment of the Administration of the EALA Act 2012.

For more information, please visit the EALA website.

The Secretariat

The Secretariat is the executive Organ of the Community. As the guardian of the Treaty, it ensures that regulations and directives adopted by the Council are properly implemented.

In service of the Community, the Secretariat comprises the Secretary-General, 4 Deputy Secretaries-General, the Counsel to the Community and hundreds of EAC staff members who carry out the day-to-day work of the EAC as mandated by the Council.

The Secretary-General is the principal executive and accounting officer of the Community, the head of the Secretariat and the Secretary of the Summit; he/she is appointed by the Summit for a fixed five-year, non-renewable term.

The Deputy Secretaries-General are appointed by the Summit on recommendations of the Council and on a rotational basis. They deputies the Secretary-General and each serves a three-year term, renewable once.

The Counsel to the Community is the principal legal adviser to the Community.

Working in East Africa

The EAC Common Market Protocol allows workers from any Partner State to accept employment within any other EAC country. They cannot be discriminated against on the basis of their nationality.

Furthermore, a worker will have the right to social security benefits and can be accompanied by a spouse and children.

It is however worth noting that, Employment in the public service is excluded unless permitted by the particular Partner State.

Using the ILO classification, Partner States have committed to open up for the following categories of workers:

Burundi - Professionals; By 1st July 2010

Kenya - Managers, Professionals, Technicians and Associate Professionals, and Craft and Related Trades Workers; By 1st July 2010
Rwanda - Professionals and Technicians and Associate Professionals; By 1st July 2010
Tanzania - Professionals and Technicians and Associate Professionals; Ranging from 1st July 2010 to 2015
Uganda - Managers, Professionals and Craft and Related Trades Workers; By 1st July 2010

Entry, Stay and Exit

A citizen of a Partner State, who seeks to enter or exit the territory of another Partner State as a worker, shall do so at entry or exit points designated in accordance with the national laws of the Partner State and shall comply with the established immigration procedures.

Work Permits

A worker who has a contract of employment of a period of more than 90 days in the territory of another Partner State shall apply to the competent authority for a work permit within 15 working days from the date of entry into the territory of the host Partner State.

Where a worker secures employment for a period of not more than 90 days, the worker shall apply for, and be issued with a special pass.

Where the competent authority rejects an application for a work permit, the competent authority shall in writing, notify the applicant, stating the reasons for the rejection.

Important to note

The Republics of Kenya and Rwanda have abolished work permit fees for East African nationals working in the two countries.

Access to Employment Opportunities

The Partner States shall endeavour to collect and disseminate information on job vacancies and put in place labour market information systems to facilitate access to employment opportunities by the citizens of the Community.

Equal Treatment in Employment

The Partner States provide for regular labour inspections and any other appropriate measures to ensure that the same treatment is accorded to the workers from other Partner States as is accorded to the nationals of the Partner State with regard to:

- Terms and conditions of employment;
- Equal opportunities for both men and women and in particular, access to employment;
- Occupational health and safety;
- Contribution to a social security scheme;
- Access to vocational training;
- The freedom of association and the right to collective bargaining;
- Access to dispute resolution mechanism; and
- Any other right accruing to a worker under the provisions of the national laws of the Partner State.

Self-Employment

EAC citizens have the right to establish their business in any Partner State and pursue economic activities in accordance with the national laws of the Partner State.

Self-employed persons are able to carry out their work across the region, and be entitled to social security schemes in the host country.

The Protocol requires Partner States to remove all restrictions on the right of establishment based on the nationality of the companies, firms and self-employed persons.

BURUNDI

— SECTION —

2024 EDITION

H.E. ÉVARISTE NDAYISHIMIYE

President of the Republic of Burundi

BURUNDI HISTORY

Burundi, officially the Republic of Burundi (Kirundi: Republika y'Uburundi, French: République du Burundi, or is a landlocked country in the African Great Lakes region of East Africa, bordered by Rwanda to the north, Tanzania to the east and south, and the Democratic Republic of the Congo to the west. It is also considered part of Central Africa. Burundi's capital is Bujumbura. The southwestern border is adjacent to Lake Tanganyika.

The Twa, Hutu and Tutsi peoples have lived in Burundi for at least 500 years. For more than 200 of those years, Burundi was an independent kingdom, until the beginning of the twentieth century, when Germany colonized the region. After the First World War and Germany's defeat, it ceded the territory to Belgium. Both Germans and Belgians ruled Burundi and Rwanda as a European colony known as Ruanda-Urundi. Despite common misconceptions, Burundi and Rwanda had never been under common rule until the time of European colonisation. Burundi gained independence in 1962.

Burundi's political system is that of a presidential representative democratic republic based upon a multi-party state. The President of Burundi is the head of state and head of government. Burundi remains an overwhelmingly rural society, with just 13% of the population living in urban areas in 2013. The population density of around 315 people per square kilometre (753 per sq mi) is the second highest in Sub-Saharan Africa. Roughly 85% of the population are of Hutu ethnic origin, 15% are Tutsi, and fewer than 1% are indigenous Twa (or Pygmies). [16] The official languages of Burundi are French and Kirundi, although Swahili can be found spoken along the Tanzanian border.

One of the smallest countries in Africa, Burundi has an equatorial climate. Burundi is a part of the Albertine Rift, the western extension of the East African Rift. The country lies on a rolling plateau in the centre of Africa. The highest peak, Mount Heha at 2,685 m (8,810 ft lies to the southeast of the capital, Bujumbura. The source of the Nile River is in Bururi province, and is linked from Lake Victoria to its headwaters via the Ruvyironza River. Another major lake is Lake Tanganyika, located in much of Burundi's southwestern corner.There are two national parks, Kibira National Park to the northwest (a small region of rain forest, adjacent to Nyungwe Forest National Park in Rwanda), Ruvubu National Park to the northeast (along the Rurubu River, also known as Ruvubu or Ruvuvu). Both were established in 1982 to conserve wildlife populations. Burundi's lands are mostly agricultural or pastural.

UNIVERSITY OF BURUNDI

2 AVENUE DE L'UNESCO BP. 1550
BUJUMBURA BURUNDI

Historical background:
First public University in the country under the tutelage of the Ministry of Higher Education and scientific Research, the Univer-sity of Burundi was established by the Royal Decree Nr. 001/350 of January 1964 as Official University of Bujumbura (UOB). The University of Burundi remains to date the reference of Higher Education Institutions in Burundi. The University of Burundi is established on 7 campuses, 1913 total employees, 248 qualified professors (PhD), 250 teaching assistants, 12000 students of which 2780 live in University residences.

Vision:
Excellent quality training education suitable to the needs of the country and the sub-region through the promo-tion of training/em-ployment suitability and research for sustainable development in national recognized priority areas

Mission:
- To provide the highest level of scientific and technical knowledge
- To actively participate in economic and socio-cultural development
- To promote scientific, literacy, artistic and innovation research as well as professional development
- To Contribute to civic and moral training.

Administrative organization:
The University of Burundi is administered by a Board of directors composed of 11 members. It is managed by the Rector assisted by a Deputy Rector, both appointed by Presidential Decree upon the proposal from the Minister with in charge of higher education and Scientific research. The University of Burundi comprises a General Secretariat and 5 directorates: the Directorates of Academic Services, Research & innovation, Quality Assurance, Financial and Managment, of Social Affairs & Univer-sity works as well as a University teaching hospital. It is organized in faculties and institutes. It also includes administrative and technical services.

Academic organization:
The Academic organization of the University of Burundi is currently focussing on the implementation of the Bologna process in which the Univer-sity of Burundi has engaged in from 2011.

The current main objectives include:
- Professionalization of our Bachelor programmes
- Operationalization of graduate and postgraduate programmes
- Reinforcement of our education quality assurance mechanisms
- Concluding strategic partnerships
- Emphasise our training and research on National recognized areas of priorities :

Agriculture and agribusiness, food sciences and technology, health Sciences information and communication technology, mining technology, water resources engineering, fish and fisheries technology, wood engineering and hotel and tourism industry.

NEW PROGRAMME

GRADUATE LEVEL

The Doctoral School of the University of Burundi was officially launched on July 20, 2017.

Two research options have been retained :

- Natural Sciences, Life and Engineering Pole: - environment- Mathematics- Chemistry- Physics-Earth Science-Biology-Agronomy-Medicine
- Humanities and Social Sciences Pole: Law- Economy-Educational Sciences-Letters and Human Sciences

One of the major objectives of the University of Burundi Doctoral School is capacity building to ensure the academic succession and to boost re-search activities .

To support Research and its postgraduate programmes, the University of Burundi has 11 newly established research centres and Laboratoiries:

LIFE SCIENCES, NATURAL SCIENCES AND ENGINEERING

1- Centre for research in Infrastructure, environment and technology (CREET)
2- Natural Sciences and Environment Research Centre (CRSNE)
3- Centre for research on non-communicable and chronic diseases (CRMTC)
4- Centre for Research in Food Science and Technology (CRSTA)
5- Centre for research in Didactics and diffusion of Science (CRDS)
6- Centre for research in animal, plant and environmental Sciences (CRAVE)
7- University Centre for research and development in Agro-Economy (CERDA)
8- Centre for research in mathematics and Physics (PRB)

RESEARCH CENTRES AND LABORATORIES OF THE HUMANITIES AND SOCIAL SCIENCES

1- University Centre for Research on Economic and social Development (CURDES)
2- Centre for Research and Studies on the development of societies in Modernization (CREDSR)
3- Research and Intervention Laboratory for individual, community and social development (LRIDIS)
4- University Laboratory for Research in physical and sports activities for social development and Health (LURADS)
5- Research Laboratory in Law and Society (CDSA)
6- Centre for African Societies Studies (CESA)

INCUBATION CENTERS

1. Incubation and Acceleration Center of the University of Burundi (CINAUB)
2. Incubation and Technology Transfer Center (CITRATEC).

UNIVERSITY OF BURUNDI

2 AVENUE DE L'UNESCO BP. 1550

The Main Library of the University of Burundi

The University of Burundi has at its disposal the Main Library with 800 seats on Mutanga Campus and 209.621 directly accessible documents and seven peripheral libraries in various Faculties.

Cooperation

The University of Burundi enjoys cooperation and partnership with several regional and international academic Institutions in Africa, Europe and Asia. It is worth mentioning here that CELAB-National Language Training Centre is a center with a long standing experience in the teaching of French in a favourable setting for a speedy linguistic and cultural integration to the East African Community.

Sport and Culture

The social, cultural and sporting aspects have not been forgotten at the University of Burundi. Various cultural and sports activities are organized throughout the academic year.

THE GREAT EVENTS THAT MARKED THE UNIVERSITY OF BURUNDI DURING THE ACADEMIC YEAR 2022-2023

Solemn opening of the 2022-2023 academic year for Burundi's public and private higher education institutions, at Lake Tanganyika University

Celebration of the Summer School 2023

Celebration of International Women's Rights Day

The Building of Confucius Institute of the University of Burundi

The Multipurpose Hall of the University of Burundi

East African Nutritional Sciences Institute (EANSI), a Regional Center of Excellence

INSTITUT SUPERIEUR DES CADRES MI LITAIRES (ISCAM)

BURUNDI MILITARY ACADEMY (BMA)

ISCAM COMMANDANT
COL HAMENYIMANA G.

HISTORICAL BACKGROUND

The Burundi Military Academy (BMA) was created in 1975. Before that time, there was a school called Armed Forces School (AFS) where young officers were trained. Since the creation of the Burundi Military Academy, cadets have been trained not only militarily but also academically.

VISION

To always be a center of excellence by providing Basic Military and Academic high quality Training to Officer Cadets.

MISSION

To provide basic military training to cadets up to the level of platoon leader and the academic training up to the Bachelor Degree.

MOTTO

"The Book and the Sword at the Service of Peace**"**

CORE VALUES

Patriotism, Loyalty, Cohesion and Discipline

ORGANIZATION

At the top, there is the Commandant of the Burundi Military Academy. He is assisted by five chiefs of main different services namely the Chief of the Military Training Service (the Deputy Commandant), the Chief of the Academic Training Service, the Chief of the Research Service, the chief of the Quality Assurance, and the Chief of personnel, administration and logistic Service. Under the Chief of the Academic Training Service, there are Deans of faculties. There are also commanders of intakes under the Chief of the Military Training Service.

GENDER

The place of gender in the Burundi National Defense Force in general and at BMA in particular is indeed highly considered. In the BNDF, there is an office in charge of gender issues. Men and women are equally treated and are offered equal opportunities.

MILITARY TRAINING

During the training period, cadets are trained to become highly qualified platoon leaders. They undergo physical training to become and remain physically fit. Apart from this, they are taught different military courses before starting academic training.

HEAD OF MIL TRAINING SERVICE AND DEPUTY COMMANDANT

ACADEMIC TRAINING

After the basic military training, cadets start the academic training after which they are awarded a bachelor's degree. At BMA, the following faculties are available: Economics and Management Sciences and Engineering Sciences.
There are also language programs:
The English program as a preparatory course for Officers who have to attend different courses (JCSC, SCSC, Aviation, etc) either locally or outside the country.
The French preparatory course that prepares English speakers students from EAC Partner States for academic studies provided in French. This course is offered to EAC students in the spirit of military Cooperation - EAC exchange of students program.
Officer Cadets are not limited to only the already mentioned two faculties, some attend different courses in other universities either public or private depending on the needs of the Burundi National Defense Force. They attend faculties such as Medicine, Law, Engineering, Psychology, Arts and Social Sciences, etc..., and even abroad.

HEAD OF ACADEMIC TRAINING SERVICE

RESEARCH

This branch was created on 22nd November 2018 and its mission is to promote scientific and technical research. It is also in charge of the efficient use of the libraries and laboratories (Language Lab and ICT Lab). The chief of this service is the one to identify the teaching materials and equipment, prepare and submit the action plan, and specify the related needed budget.

HEAD OF RESEARCH

QUALITY ASSURANCE

The Quality Assurance (QA) Office has the principal mission of ensuring that offered programs and courses at BMA adhere to mandatory standards and regulations of Higher Education as set by the national Ministry of Education and other regional Higher Education Institutions such as Inter-University council for East Africa. To carry out its mission, the QA Office considers the following standards :

- Are offered courses and programs taught the right way and by the right persons?
- Are there supporting infrastructure and Staff for the faculty? Do they work properly?
- Is there a clear strategic plan for educational institution and its departments?
- Are stated objectives being achieved using tangible markers?

HEAD OF QUALITY ASSURANCE

ADMINISTRATION, PERSONNEL AND LOGISTICS SERVICE

This service is in charge of Administration, Human Resources management and logistics matters such as food, transportation, fuel, medical care, clothing, etc. The chief of this service is assisted by a NCO.

HEAD OF LOGISTICS & ADMIN SERVICE

BURUNDI MILITARY ACADEMY (BMA)

OFFICER CADETS RECRUITMENT

LANGUAGE LAB

COMMAND HANDOVER TAKEOVER BETWEEN INTAKES

EAC CADET OFFICERS

WINNERS OF UNIVERSITIES COMPETIONS (FEMALE HANDBALL)

MAIN CURRENT REFORMS

Approval of programs into the two faculties: Faculty of Engineering Sciences and the Faculty of Economics and Management Sciences by the Ministry of National Education. The Faculty of Engineering Sciences was split into two departments namely Civil and Environmental Engineering and New Technology of Information and Communication (NTIC). The Faculty of Economics and Management Sciences was also split into two departments namely Management and Political Economics; Rehabilitation of some infrastructures like the Commandant's office, Classroom blocks and dining facilities.

FUTURE PERSPECTIVES

- Reinforcing partnership with other military academies of sister countries;
- Construction of Science Laboratory and Research Infrastructures
- Construction and equipment of a Video-Conference Room
- Introducing post graduate programs (Master's Degree);
- Exchanging instructors with other military academies ;
- Adjusting academic calendar to start in July like in other EAC military academies.
- Implementation of the Faculty of Physical Education and Sports

The book and the sword at the service of Peace

NATIONAL INSTITUTE OF PUBLIC HEALTH (BURUNDI)

Pr. Joseph NYANDWI
General Director/INSP

Ag Director of Academic Services

Administrative, Financial and Heritage Director

Director of the National Reference Laboratory

Director of the Research

Mission:
To build the capacities of the Ministry of Public Health and the fight against AIDS, to design and carry out public health activities.

Vision:
To be a Center of excellence in the production of quality health human resources, a leader in health surveillance and health research.

Bachelor degree in the following area:
Public health, management of health services, environnement health, anaesthesia-resuscita, midwifery, nursing, laboratory, radiology, pharmacy, dental health, mental health and psychiatry, kinesitherapy.

Master level in 2 options :

(1) Epidemiology
(2) Health Systems Management.

The National Reference Laboratory of INSP : Leader in the diagnosis of infectious diseases

In this context, the NIPH, through its National Reference Laboratory, has implemented two projects in 2023 :

1. **Creation of a research center for infectious diseases at the National Institute of Public Health (INSP)**
Nowadays, we are witnessing a number of infectious diseases caused by so-called emerging and reemerging pathogens. Some have epidemic potential, while others have pandemic potential. To deal with these infectious diseases, several pillars are involved, including the research. For that, the INSP has launched the National Research Center on Infectious Diseases. This Center has received support in terms of laboratory equipment and reagents needed for molecular and serological characterization of pathogens, through bilateral cooperation between Burundi and the Federal Republic of Russia, and in the presence of the Minister of Public Health and AIDS Control.

2. **Fight against the transmission of malaria for children under 5 years old.**
The National Institute of Public Health is currently implementing an IMPRIMA project (Implementing Single Low Dose Primaquine in Africa), which could provide solutions to break the transmission of malaria by killing even mutant parasites resistant to antimalarial treatment.

ADDRESS:
Avenue de l'Hôpital, n°3 / BP: 6807 BUJUMBURA / Tél. (257) 22 26 97 00 / 22 26 97 01 /22 26 97 13.

Victor BARANTOTA (PhD)
RECTOR OF HOPE AFRICA UNIVERSITY

WELCOME TO HOPE AFRICA UNIVERSITY!
Hope Africa University (HAU) is a university with a motto: "Facing African Realities". It is a community of students, lecturers, staff, and faculty from different African countries united by a concern to create an ideal learning framework.
HAU, deeply rooted in Christian principles, extols a transformational higher education. In fact, in order to get a solution to problems of humanity, scientific knowledge alone is not sufficient. It is therefore necessary for graduating students to be trained both spiritually and scientifically.
With 23 years of existence, HAU is for sure one of the private universities in the region, and its repute has crossed national borders. Hope Africa University is known, in the sub-region, for its quality training based on French-English bilingual system. HAU has already provided **8874** degrees to different students from different corners of the world in the different departments.
It is a honor to me to follow the footsteps of my preceding Rectors, namely the late Bishop Elie A. BUCONYORI, founder and first Rector, Bishop Gerald Bates and Sylvain NZOHABONAYO. I am very happy to carry out and perpetrate that mission of contributing to changing life of humanity by providing an ideal structure of transformation.

WHAT IS HOPE AFRICA UNIVERSITY?

HAU is an institution of higher education, registered by the Burundian Government under n° 610/1379 of 26th September 2003, of the Ministry of National Education and Scientific Research with the authorization n° 610/1113 of 16th August 2005 setting on the equivalence of the degrees delivered by HAU. HAU is a cosmopolitan and friendly learning community where students progress well in their studies. Every year students join us from many schools, Universities, and countries of the world.
HAU was established by the Free Methodist Church in Eastern and Central Africa, on 6th February 2000 in Nairobi, Kenya. It shifted to Bujumbura (Economical Capital of Burundi), on 2nd February 2004. Since February 2012, the University opened a campus at "Mount Hope" in Gitega (the Political Capital), in the center of the country, and another one at Gishingano in Bujumbura Suburbs in 2021.

Vision
Well-equipped academically and Professionally, Hope Africa University Graduates solve individual, community and regional problems.

Mission
To transform students for character development and service, through professional and academic programs for the purpose of glorifying God and serving humanity.

THREE CAMPUSES OF HAU

NGAGARA CAMPUS

HOPE MOUNT CAMPUS OF GITEGA

GISHINGANO CAMPUS

The academic year at HAU begins from February to January. The admission of the new students is always from October to January.

BRANCHES OF HOPE AFRICA UNIVERSITY

- RVE: Radio Voix d'Espoir Ijwi Riremesha (Hope Voice Radio): It serves as internship and practicum field for the students of communication department. It preaches the good news of Jesus Christ and gives information on useful skills of life to the people of Burundi and neighboring countries.
- CVN: Clinique Van Norman (Van Norman Clinic)
- HEK: Hôpital Espoir de Kibuye (Kibuye Hope Hospital).
  NB: CVN and HEK serve as internship and practicum field for students of the faculty of health sciences.

PROGRAMS OFFERED AT HOPE AFRICA UNIVERSITY

I. FACULTY OF ARTS AND SCIENCES
Bachelor's Degree
1. Bible and Theology
2. Social and Clinical Psychology
3. Social Work and Community Development
4. Communication

II. FACULTY OF EDUCATIONAL SCIENCES
Bachelor's Degree
Science of Education with Concentration in:
English Language, French Language, Special Education, and Biology-Chemistry

III. FACULTY OF BUSINESS AND PROFESSIONAL STUDIES
Bachelor's Degree
1. Business Administration and Economics (With Concentrations in: Accounting, Business Policy, Finance and Banking, Information Systems, Marketing, and Hotel and Tourism Management)
2. Law
3. Entrepreneurship and Business Management

IV. FACULTY OF ENGINEERING AND TECHNOLOGY
Bachelor's Degree
1. Civil Engineering
2. Planning and Urban Planning
3. Engineering and Telecommunication Management
4. Computer Sciences

V. FACULTY OF HEALTH SCIENCES
Bachelor's Degree
1. Anesthesia and Resuscitation
2. Ophthalmology
3. Midwives
4. Nursing
5. Physiotherapy
6. Public Health and Health Services Management
7. Dietetic Nutrition

VI. FACULTY OF MEDICINE(FRANK OGDEN MEDICAL SCHOOL)
1. General Medicine
2. Stomatology (Dentistry)

VII. PROFESSIONAL STUDIES
1. Agriculture and Zootechnics
2. Entrepreneurship Studies and Business Management

VIII. MASTERS
1. Business Administration and Management (MBA)
2. International Public Law
3. Nursing
4. Theology
5. Community Development
6. Educational Leadership

Vision
To provide a scientific, professional and moral education, based on innovation and quality.

Motto
Nursery of responsible and competent future leaders for society

Research
Taking into account the country's priority areas, the Université Lumière de Bujumbura has set up a general research policy with laboratories and research centers.

Our Master programs:
1.MBA:
- Marketing
- Audit and Management Control Option
- Finance Option

2. Business Law,
3. Development Management,
4. Leadership and Management of Organizations,
5. Gender, Institutions and Society,
6. Project Management and Development Planning,
7. Economic Sciences:
   - Health Economics
   - Rural economy and agricultural development
   - Innovation and sustainable development

BA programs:
1. Faculty of Management and Administration:
   a. Marketing and Management
   b. Finance and Accounting
2. Faculty of Communication Sciences:
   a. Development Communication
   b. Audiovisual design and production
3. Faculty of Science and Technology:
   a. Business Informatics
   b. Civil Engineering
c. Statistics
4. Faculty of Psychology: Clinical Psychology
5. Faculty of Theology
6. Faculty of Law
7. Faculty of Political Science and International Relations
8. Faculty of Health Sciences with four departments:
   a. Nursing
   b. Public Health and Health Services Management
   c. Nutrition
   d. Hospital management
9. Faculty of Agronomy and Rural Development: Plant Science and Production
10. Institutes:
    Accounting
    Entrepreneurship and Project Management

DEMOCRATIC REPUBLIC OF CONGO

East Africa Education Directory

2024 EDITION

H.E. Felix Tshisekedi

The President of The Republic of Congo

DRC Education System

Primary education in the Democratic Republic of the Congo (DRC) is not free or compulsory.

The education system in the Democratic Republic of the Congo is governed by three government ministries: the Ministère de l'Enseignement Primaire, Secondaire et Professionnel (MEPSP), the Ministère de l'Enseignement Supérieur et Universitaire (MESU) and the Ministère des Affaires Sociales (MAS).

As a result of the 6-year civil war in the late 1990s-early 2000s, over 5.2 million children in the country did not receive any education. Since the end of the civil war, the situation has improved tremendously, with the number of children enrolled in primary schools rising from 5.5 million to 13.5 million, and the number of children enrolled in secondary schools rising from 2.8 million to 4.4 million according to UNESCO in 2014.

Background

The educational system in the DRC is similar to that of Belgium in that there are 6 years of primary followed by 6 years of secondary education (the education system has suffered from decades of conflict although recent years have shown an improvement).

In 2000, 65 percent of children ages 10 to 14 were attending school. As a result of the 6-year civil war, over 5.2 million children in the country receive no education. Official numbers for the school year 2009–10, report there were 35,915 primary schools serving 10,572,422 students; and 17,373 secondary schools serving 3,484,459 others.

Of the 10 provinces the hardest hit by a lack of education are the North and South Kivu. More than 42% of children in these provinces have never been to school.

Despite government initiatives making primary education free in the Democratic Republic of Congo (DRC) in 2010, access as well as attendance remains poor amongst children. Currently, 25 percent of the primary school-aged children and 60 percent of adolescents are not enrolled in classes. Severe shortage of teachers in public schools are another concern with the education system. The national average for primary schools is one teacher for 37 pupils; however, marginalized or rural areas endure much worse ratios. On average, educational programs in marginalized areas consist of one teacher to 100 pupils per class.

Programs

Enrolling OOSC in South Kivu and Katanga

In the Democratic Republic of the Congo, Educate A Child (EAC) is supporting the International Rescue Committee to implement the Enrolling Out of School Children in South Kivu and Katanga Project to ensure that 47,750 Congolese children who are currently out of school have access to quality formal and non-formal primary education.

Equitable Quality Primary Education for All Children in DRC

In partnership with EAC and the government of the Democratic Republic of the Congo (DRC), UNICEF is implementing the Equitable Quality Primary Education for All Children project in DRC. The aim of this project is to ensure that approximately 1.5 million children in DRC have access to and are enrolled and participating in quality primary education.

The Expansion Project of Support to the Education of OOSC

Through the Expansion Project of Support to the Education of Out of School Children and in partnership with EAC, CARITAS Congo ASBL will provide access to primary education for a total of 46,000 out of school children, and create conditions to significantly reduce the dropout rate in the provinces of Orientale, Equateur , Katanga and Kasai Occidental Kasai Occidental

KENYA

— SECTION —

2024 EDITION

H.E. Dr. William Samoei Ruto

President of the Republic of Kenya

KENYA BACKGROUND

Kenya, officially the Republic of Kenya, is a country in Africa and a founding member of the East African Community (EAC). Its capital and largest city is Nairobi. Kenya's territory lies on the equator and overlies the East African Rift covering a diverse and expansive terrain that extends roughly from Lake Victoria to Lake Turkana (formerly called Lake Rudolf) and further south-east to the Indian Ocean. It is bordered by Tanzania to the south and southwest, Uganda to the west, South Sudan to the north-west, and Ethiopia to the north and Somalia to the north-east. Kenya covers 581,309 km2 (224,445 sq mi), and had a population of approximately 46 million people in July 2016

Kenya has a warm and humid tropical climate on its Indian Ocean coastline. The climate is cooler in the savannah grasslands around the capital city, Nairobi, and especially closer to Mount Kenya, which has snow permanently on its peaks. Further inland, in the Nyanza region, there is a hot and dry climate which becomes humid around Lake Victoria, the largest tropical fresh-water lake in the world. This gives way to temperate and forested hilly areas in the neighbouring western region. The north-eastern regions along the border with Somalia and Ethiopia are arid and semi-arid areas with near-desert landscapes. Kenya is known for its safaris, diverse climate and geography, and expansive wildlife reserves and national parks such as the East and West Tsavo National Park, the Maasai Mara, Lake Nakuru National Park, and Aberdares National Park. Kenya has several world heritage sites such as Lamu and numerous beaches, including in Diani, Bamburi and Kilifi, where international yachting competitions are held every year.

The African Great Lakes region, which Kenya is a part of, has been inhabited by humans since the Lower Paleolithic period. By the first millennium AD, the Bantu expansion had reached the area from West-Central Africa. The borders of the modern state consequently comprise the crossroads of the Niger-Congo, Nilo- Saharan and Afroasiatic areas of the continent, representing most major ethnolinguistic groups found in Africa. Bantu and Nilotic populations together constitute around 97% of the nation's residents. European and Arab presence in coastal Mombasa dates to the Early Modern period; European exploration of the interior began in the 19th century. The British Empire established the East Africa Protectorate in 1895, which starting in 1920 gave way to the Kenya Colony. Kenya obtained independence in December 1963. Following a referendum in August 2010 and adoption of a new constitution, Kenya is now divided into 47 semi-autonomous counties, governed by elected governors.

The capital, Nairobi, is a regional commercial hub. The economy of Kenya is the largest by GDP in East and Central Africa. Agriculture is a major employer; the country traditionally exports tea and coffee and has more recently begun to export fresh flowers to Europe. The service industry is also a major economic driver. Additionally, Kenya is a member of the East African Community trading bloc.

Anthem for Kenya & East Africa National

Ee Mungu Nguvu Yetu (O God, of all creation) is the national anthem of Kenya. It was originally composed in Swahili, the national language. Kenya's National Anthem was prepared by local people. The commission included five members and was headed by the Kenya Music Adviser. It was based on a traditional tune sung by Pokomo mothers to their children.

The anthem is notable for being one of the first national anthems to be specifically commissioned. It was written by the Kenyan Anthem Commission in 1963 to serve as the anthem after independence from the United Kingdom.It was expected that the lyrics would express the deepest convictions and the highest aspirations of the people as a whole

East Africa National Anthem- English

Verse 1
Oh God we ask you to protect
Our East African Community
Enable us to stay/live in Peace
And accomplish our tasks.

Chorus
Let us all protect our Community
We should work hard, to
Strengthen it.
Our unity is our pillar
So sustain/uphold our Community

Verse 2
Patriotism as well as togetherness
Should be the foundation for our unity
Unity
Let us protect Independence and
Peace
Our Customs and behaviors.

Verse 3
Industries/Factories and even
Agriculture
Let us all work carefully/diligently.
Let us devote ourselves for our
Wealth
So as to build a better Community.

East Africa National Anthem - Kiswahili

Verse 1
Ee Mungu twaomba ulinde
Jumuiya Afrika Mashariki
Tuwereshe kuishi kwa amani
Tutimize na malengo yetu.

Chorus
Jumiya Yetu sole tuilende
Tuwajibike tuimarike
Umoja wetuni nguzo yetu
Idumu Jumuiya yete.

Verse 2
Uzalendo pia mshikamano
Viwe msingi wa Umoja wetu
Natulinde Uhuru na Amani
Mila zetu Na desturi zetu.

Verse 3
Viwandani na hata mashambani
Tufanye kazi sote kwa makini
Tujitoe kwa hali na mali
Tuijenge Jumuiya bora.

Kenya National Anthem

O God of all creation
Bless this our land and nation
Justice be our shield and defender
May we dwell in unity
Peace and liberty
Plenty be found within our borders.

Let one and all arise
With hearts both strong and true
Service be our earnest endeavour
And our homeland of Kenya
Heritage of splendour
Firm may we stand to defend

Let all with one accord
In common bond united
Build this our nation together
And the glory of Kenya
The fruit of our labour
Fill every heart with thanksgiving.

RWANDA

SECTION

2024 EDITION

H.E. PAUL KAGAME

President of the Republic of Rwanda

Rwanda National Anthem

"Rwanda Nziza" (Kinyarwanda for "Beautiful Rwanda") has been the national anthem of Rwanda since January 1, 2001. It replaces Rwanda Rwacu, which had been the national anthem since 1962

East Africa National Anthem - ENGLISH

Verse 1
Oh God we ask you to protect
Our East African Community
Enable us to stay/live in Peace
And accomplish our tasks.

Chorus
Let us all protect our Community
We should work hard, to
Strengthen it.
Our unity is our pillar
So sustain/uphold our Community

Verse 2
Patriotism as well as togetherness
Should be the foundation for our unity
Unity
Let us protect Independence and
Peace
Our Customs and behaviors.

Verse 3
Industries/Factories and even
Agriculture
Let us all work carefully/diligently.
Let us devote ourselves for our
Wealth
So as to build a better Community.

East Africa National Anthem - Kiswahili

Verse 1
Ee Mungu twaomba ulinde
Jumuiya Afrika Mashariki
Tuwereshe kuishi kwa amani
Tutimize na malengo yetu.

Chorus
Jumiya Yetu sole tuilende
Tuwajibike tuimarike
Umoja wetuni nguzo yetu
Idumu Jumuiya yete.

Verse 2
Uzalendo pia mshikamano
Viwe msingi wa Umoja wetu
Natulinde Uhuru na Amani
Mila zetu Na desturi zetu.

Verse 3
Viwandani na hata mashambani
Tufanye kazi sote kwa makini
Tujitoe kwa hali na mali
Tuijenge Jumuiya bora.

Rwanda National Anthem

English Translation

Rwanda, our beautiful and dear country
Adorned of hills, lakes and volcanoes
Motherland, would be always filled of happiness
Us all your children: Abanyarwanda
Let us sing your glare and proclaim your high facts
You, maternal bosom of us all
Would be admired forever, prosperous and cover of praises.
Invaluable heritage, that God protects to you
You filled us priceless goods
Our common culture identifies us
Our single language unifies us
That our intelligence, our conscience and our forces
Fill you with varied riches
For an unceasingly renewed development.
Our valorous ancestors
Gave themselves bodies and souls
As far as making you a big nation
You overcame the colonial-imperialistic yoke
That has devastated Africa entirely
And has your joy of your sovereign independence
Acquired that constantly we will defend.
Maintain this cape, beloved Rwanda,
Standing, we commit for you
So that peace reigns countrywide
That you are free of all hindrance
That your determination hires progress
That you have excellent relations with all countries
And that finally your pride is worth your esteem.

MESSAGE FROM THE MINISTRY OF EDUCATION

It is a great pleasure for me to express my gratitude to the management of The East Africa Education Directory for deciding to include Rwanda schools in this important directory.

I take this opportunity to register our full support to partnership and sharing of information through this directory. As we are all aware, information is now one of the most important resources.

We can not afford to miss it. I therefore call upon every body to maximize the use of this important directory. This is most important to teachers and students in establishing networks, something which has been missing.

Let us get open to each other. Imagine each of the schools in East Africa sharing its best practice to other schools, and every school just picks 10% of these best practices and fully adopts them what good schools shall we have in East Africa? This is the challenge I give to each school

I wish all readers best success, God bless you
Permanent Secretary,
Ministry of Education, RWANDA

RWANDA EDUCATION SYSTEM

Prior to 1900 education in Rwanda was informal and was largely delivered through the family. Aside family, 'Amatorero training schools also delivered the training. Among the courses trained included military and war skills, foundry and iron smith, basket making as well as poetry to mention but a few. Between 1990 and 1960, Rwanda saw formal education become popular especially in 1933 where a Belgian census led to the measurement as well as classification of the population.

All through the past few years, Rwanda's education system has gone through a remarkable period of growth especially in the sector of access and the country sees education as a critical investment for the future growth and development of the country. This is seen by the increased share of the national budget to the education sector. It is set to increase from 17% in 2012/13 to 22% in 2017/18.

As a way to maintain and improve the education system of Rwanda, there are bodies that oversee the educational standards and these include; division of construction and equipment which sets standards classroom/ school construction; national examination council which sets standards for grades and progression to the next stage of education; department of planning which sets and monitors standards on system performance indicators and lastly the general inspectorate of education which inspects and advises on standards adherence and compliance.

As the world advances in technology, Rwanda has also picked up the pace and is doing everything possible to be at par with the rest of the world. The government of Rwanda has formed a national strategy for information and communications technology (ICT) which is coordinated by the Rwanda information technology authority (RITA). Their ministry of education is promoting the use of ICT in schools right from the junior classes going up and is as well coordinating the 'one laptop per child' project in the country. We believe this is going to pay heavily later in future and development of the country.

Rwanda education system

Rwanda operates on a 6-3-3-4 school system, that is to say six (6) years for primary school, three (3) years for ordinary level (junior secondary school), three (3) years for advanced level (senior secondary school) and four (4) years for university bachelor's degree. 3 official languages of instruction are used in the Rwandan education system: Kinyarwanda is used in primary school p1-p3 and English is used from p4 through university.

French is taught as well but as a supplement subject in public primary and secondary schools. A few private schools have both Anglophone and Francophone systems that use English or French respectively as their languages of instruction.

Those using the Anglophone system use French as an elective subject and those in the Francophone system use English as the elective subject. Each year over 44,000 students are enrolled in higher education for undergraduate, graduate, certificate and diploma programs.

The University of Rwanda was recently formed as a merger of former public universities and these universities became collages of the University of Rwanda. These include college of business and economics (former school of finance and banking), college of arts and humanities (former national university of Rwanda in Butare), college of science and technology (former Kigali institute of science and technology), college of agriculture, animal sciences and veterinary medicine (former higher institute of agriculture and livestock in Musanze, college of medicine and health sciences (former Kigali health institute) and lastly college of education (former Kigali institute of education).

All this is made possible by the effortless works of the Rwanda education board whose mission is to fast-track education development in Rwanda by enabling education sector growth. It has done this by working with and addressing the needs of schools public and private to bring their education on the same range as that of the east African community.

Work is done in six departments namely the department of curricula and pedagogical materials, the department of teacher education management and professionalization, the department of education quality and standard, the department of ICT in education and open distance and e-learning, the department of examination & accreditation and finally the department of high education student loan.

Embrace the Rwandan education system by being a part of it today!

SOUTH SUDAN

— SECTION —

2024 EDITION

H.E. DR. SALVA KIIR

President of the Republic of South Sudan

South Sudan

Education System

Education in South Sudan is modelled after the educational system of the Republic of Sudan. Primary education consists of eight years, followed by four years of secondary education, and then four years of university instruction; the 8 + 4 + 4 system, in place since 1990. The primary language at all levels is English, as compared to the Republic of Sudan, where the language of instruction is Arabic.[1] There is a severe shortage of English teachers and English-speaking teachers in the scientific and technical fields.
Secondary school has four grades: 9th, 10th, 11th and 12th. In secondary school, science subjects are introduced, including chemistry, biology, physics, geography and others. The students ages are about 14 to 18 years, while in secondary school.

Post-secondary education

After graduation from secondary school, one can pursue further education in either a university or a vocational (technical school). There is a shortage of both, but more so less technical schools than the country needs. Like in most sub-Saharan countries, too much emphasis is placed on acquiring a university education and not enough on obtaining life-sustaining practical skills in a vocational or technical institution.

Vocational schooling

South Sudan is in desperate need of technical/vocational school graduates in order to build and maintain its infrastructure including: building roads, houses, water treatment systems and sewage plants as well as computer networks, telephone systems and electricity generating plants to power the entire infrastructure. Maintaining those facilities will also require a lot of trained manpower. As of late 2011, there are not enough technical institutions to train the needed manpower.

Universities

List of universities in South Sudan
As of July 2011, South Sudan has twelve universities of which seven are public and five are private. Officials estimate that about twenty-five thousand students have registered at the five public universities. It remains to be seen how many students do report to campus, now that all of the countries universities are actually located in South Sudan, and not in Khartoum.

The government pays for food and provides housing for students.

Education Ministries

There are three cabinet positions in the Cabinet of South Sudan that impact education. Each is led by a full cabinet minister:

Ministry of Youth Sports & Recreation -
Ministry of General Education and Instruction
Ministry of Higher Education, Science & Technology -

South Sudan

TANZANIA

— SECTION —

2024 EDITION

H.E. SAMIA SULUHU HASSAN

President of the united republic of Tanzania

Tanzania National Anthem

"Mungu ibariki Afrika" (English: God bless Africa) is the national anthem of Tanzania. The anthem is the Swahili language version of Enoch Sontonga's popular hymn Nkosi Sikelel' iAfrika.[1]

The word Mungu in Swahili means God and the title of the anthem therefore translates as God bless Africa.

Tanzania National Anthem

SWAHILI LYRICS

Mungu ibariki Afrika
Wabariki Viongozi wake
Hekima Umoja na Amani
Hizi ni ngao zetu
Afrika na watu wake.

Chorus:
Ibariki Afrika, Ibariki Afrika
Tubariki watoto wa Afrika.
Mungu ibariki Tanzania
Dumisha uhuru na Umoja
Wake kwa Waume na Watoto
Mungu Ibariki Tanzania na watu wake.

Chorus:
Ibariki Tanzania, Ibariki Tanzania
Tubariki watoto wa Tanzania.

East Africa National Anthem - English

Verse 1
Oh God we ask you to protect
Our East African Community
Enable us to stay/live in Peace
And accomplish our tasks.
Chorus
Let us all protect our Community
We should work hard, to
Strengthen it.
Our unity is our pillar
So sustain/uphold our Community
Verse 2
Patriotism as well as togetherness
Should be the foundation for our unity
Unity
Let us protect Independence and
Peace
Our Customs and behaviors.
Verse 3
Industries/Factories and even
Agriculture
Let us all work carefully/diligently.
Let us devote ourselves for our
Wealth
So as to build a better Community.

East Africa National Anthem - Kiswahili

EAC Anthem in Kiswahili

Verse 1
Ee Mungu twaomba ulinde
Jumuiya Afrika Mashariki
Tuwereshe kuishi kwa amani
Tutimize na malengo yetu.

Chorus
Jumiya Yetu sole tuilende
Tuwajibike tuimarike
Umoja wetuni nguzo yetu
Idumu Jumuiya yete.

Verse 2
Uzalendo pia mshikamano
Viwe msingi wa Umoja wetu
Natulinde Uhuru na Amani
Mila zetu Na desturi zetu.

Verse 3
Viwandani na hata mashambani
Tufanye kazi sote kwa makini
Tujitoe kwa hali na mali
Tuijenge Jumuiya bora.

TANZANIA MINISTRY OF EDUCATION AND VOCATIONAL TRAINING

The Tanzanian Educational system is based on the 7-4-2-3 system:

7 years of primary school, followed by four years of secondary school

leading to Ordinary Level (0-level) exams in nine subjects, followed by two more years leading to the Advanced Level (A-level) exams in nine subjects, including General Studies.

In the second year of secondary school, there is a national assessment examination which allows those who pass to continue to study for an additional two years. After those two years, students take the Certificate of Secondary Education Exam (CSEE), held in November; the results come out in March of the following year.

Two years later, A-level exams are given.

After the final year of secondary school - the thirteenth year students can take the Advanced Certificate examination, which is recognized all over the world.

On average, a student can complete Bachelor's degree in three years, although some majors require more time.

PRIMARY EDUCATION

Education is free in theory up to age 15 in Tanzania, although unfortunately poorer parents are unable to afford uniforms, school materials and examination fees, and so their children continue to be deprived. The primary period lasts for 7 years, where after all children must pass the same examination for a primary school certificate.

MIDDLE EDUCATION

Four years of junior secondary schooling follow. Nominal annual tuition fees are levied, as are a wide variety of other charges too, ranging from watchman fees through to a furniture levy.

The medium of education is English, although

Swahili language classes are also followed.

There are examinations at the end of forms 2 and 4.

SECONDARY EDUCATION

Secondary education in Tanzania follows the Cambridge model of ordinary and advanced levels, both of which require 2 years of study followed by an examination.

The advanced level is available only at certain boarding schools, which effectively often means the end of the road for many a poor child because of the cost.

VOCATIONAL EDUCATION

A vocational education and training act is in place that finds expression through the vocational education and training authority. The latter sets standards, and issues educational and training guides, for implementation through a network of state and private colleges.

Other roles include entrepreneurship development, gender issues in the workplace, and the war against child labor.

TERTIARY EDUCATION

Tanzania EducationTertiary education takes a minimum of 3 years, at a wide variety of institutions under control of the ministry of higher education.

Of these the oldest is the University of Dar es Salaam, which was established in 1970 following the dissolution of the University of East Africa into 3 national institutions.

There are 5 campuses in the city and 10 faculties.

These include mechanical & chemical engineering, electrical & computer systems engineering, civil engineering & the built environment, humanities & social sciences, and education.

TANZANIA'S BACKGROUND:

Shortly after achieving independence from Britain in the early 1960s, Tanganyika and Zanzibar merged to form the United Republic of Tanzania in 1964. One-party rule ended in 1995 with the first democratic elections held in the country since the 1970s. Zanzibar's semi-autonomous status and popular opposition led to two contentious elections since 1995, which the ruling party won despite international observers' claims of voting irregularities. The formation of a government of national unity between Zanzibar's two leading parties succeeded in minimizing electoral tension in 2010.

UGANDA

— SECTION —

2024 EDITION

H.E. YOWERI KAGUTA MUSEVENI

President of the Republic of Uganda

Uganda National Anthem

"Oh Uganda, May God uphold thee" is the Ugandan National Anthem.
It was adopted in 1962, with words and music by George Wilberforce Kakoma.
The anthem is one of the shortest in the world, and is occasionally performed twice in a row to lengthen it.

Uganda National Anthem

Oh Uganda! may God uphold thee,
We lay our future in thy hand.
United, free,
For liberty
Together we'll always stand.
Oh Uganda! the land of freedom.
Our love and labour we give,
And with neighbours all
At our country's call

In peace and friendship we'll live.
Oh Uganda! the land that feeds us
By sun and fertile soil grown.
For our own dear land,
We'll always stand,
The Pearl of Africa's Crown.

East Africa National Anthem

ENGLISH

Verse 1
Oh God we ask you to protect
Our East African Community
Enable us to stay/live in Peace
And accomplish our tasks.

Chorus
Let us all protect our Community
We should work hard, to
Strengthen it.
Our unity is our pillar
So sustain/uphold our Community

Verse 2
Patriotism as well as togetherness
Should be the foundation for our unity
Unity
Let us protect Independence and
Peace
Our Customs and behaviors.

Verse 3
Industries/Factories and even
Agriculture
Let us all work carefully/diligently.
Let us devote ourselves for our
Wealth
So as to build a better Community.

East Africa National Anthem

KISWAHILI

Verse 1
Ee Mungu twaomba ulinde
Jumuiya Afrika Mashariki
Tuwereshe kuishi kwa amani
Tutimize na malengo yetu.

Chorus
Jumiya Yetu sole tuilende
Tuwajibike tuimarike
Umoja wetuni nguzo yetu
Idumu Jumuiya yete.

Verse 2
Uzalendo pia mshikamano
Viwe msingi wa Umoja wetu
Natulinde Uhuru na Amani
Mila zetu Na desturi zetu.

Verse 3
Viwandani na hata mashambani
Tufanye kazi sote kwa makini
Tujitoe kwa hali na mali
Tuijenge Jumuiya bora.

Vice President : Jessica Alupo

Prime Minister : Robinah Nabbanja

Uganda Education System

This is the pre-school level of education in Uganda. Children usually start at the age of three and complete nursery school by the age of six. Until recently rural did not have nursery schools. But more and more villagers, inspired by the early start in the education of children in towns, are wanting nurseries for their children.

Primary school (duration: seven years)

In Uganda, there are seven primary school years, from primary one to primary seven. With normal annual progression this means primary school should last seven years, but many pupils drop out part way through and return later, so it is not unusual to find teenagers sitting primary exams.

At the end of primary seven, pupils sit their first major national exams – the primary leaving examinations (PLE). Presently PLE has four examinable subjects – English language, mathematics, science and social studies. The best possible mark pupils can achieve is a total of four (which means one point - a distinction - in each subject), while the worst is a total of 36 (nine points for each subject, which means a fail).

Students with between four and 12 points pass the PLE with a first grade, or division one.

Those with scores between 13 and 23 get a second grade; 24 to 29 get a third grade, while those with 30 to 34 pass with a fourth grade.

Primary school tuition has been free in government schools in Uganda since 1997.

Besides government schools, there are many expensive day and boarding private schools at all levels, where wealthier or more ambitious parents send their children.

Secondary school (duration: six years)

Pupils who pass their PLE can progress to secondary school. This has two stages; the first four years, senior one (S1) to senior four (S4), constitute the O-level period. At the end of S4, students sit the second major national exams known as the Uganda Certificate of Education (UCE) or simply O-level examinations.

Students who pass their O-level exams may progress to A-levels or the Higher School Certificate (HSC). This lasts two years, S5 and S6, after which students sit for the Uganda Advanced Certificate of Education (UACE) examinations, also known simply as A-levels. All these three annual national exams are sat between October and December.

University and other tertiary institutions

Students who pass their A-levels may choose to progress to university, where they can study for degrees, or to other tertiary institutions that award diplomas and certificates. Some wealthier parents send their children to universities and colleges abroad.

MINISTRY OF EDUCATION, AND SPORTS

Message from the Ministry

On behalf of the Ministry of Education and Sports of the Republic of Uganda, I take this opportunity to congratulate the publishers of the East African Education Directory 2023 Edition.

The Ministry welcomes the idea of putting in place a comprehensive data base on schools in the East African Region, which in a way serves our desire of achieving borderless education. Directory of this nature helps to facilitate the free movement of people in pursuit of education services within our region.

Uganda has increasingly become an important education destination for not only the East African Region but also for students from the Horn of Africa and other parts of the world. This is especially so because of its quality education strongly moulded on the British system but with many reforms that are being undertaken to enhance equitable access and to assure its quality. Government of Uganda has launched the Universal Post Primary Education and Training (UPPET) programme, with Universal Secondary Education (USE) as a major component of this.

Delivery of education in Uganda is a partnership between the state on one hand and private providers, parents and local communities on the other hand. Government is accordingly investing heavily in improving inspection in order that the standards of education in our institutions are maintained at the highest level possible. Consequently, a Directory of this nature should in future draw from our data base on the classification or grading of private secondary schools in order to be of even greater service to those who seek to join these schools.

I, accordingly, wish to reiterate the unreserved support of the Ugandan Ministry of Education, Science, Technology and Sports for this publication as one of the many that we would like to see providing invaluable information on education institutions within our region.

The History of Gayaza Junior School

In 1904, a Muganda chief described the lack of a boarding school for girls as "the Muganda broken arm." The ladies conference CMS recommended that a school should be opened at Gayaza where there was already a mission station on the land donated by Sir Appolo Kagwa. On the request of Sir Apollo Kagwea, the CMS missionaries established Gayaza High School in January 1905 with 4 girls. Originally, the school was for the daughters of the chiefs and for the highly placed people in the society such as clan heads and clergymen. Care full plans were laid for the care of the girls , including the provision of "only one permissible entrance or exit "and the rule that no girls should go out, even to cultivate, unless accompanied by matron.

The school started as a girl's boarding school. Although, parents did not like the freedom the school would give to their girls. Chiefs were at first reluctant to let them board, for fear that they will forget how to cultivate. Even the Europeans wondered whether the mothers would be ready to forgo the help they provide for their girls at home and whether fathers would be willing to pay the fees. School began and by July 1905 there were 43 borders.

ST. THERESA'S NAMAGUNGA PRIMARY BOARDING SCHOOL

P.O.BOX 68, LUGAZI, TEL: 0752748277, E-mail: namagungapbs@yahoo.com

Namagunga Primary Boarding School was founded by the Franciscan Missionary Sisters for Africa led by an Irish Nun; Mother Mary Kevin Keanery (O.S.F) in 1936 from Ireland. The school is currently managed by the Little Sisters of St. Francis of Assisi (L.S.O.S.F) who were also started by Mother Kevin.

Her major aim was to provide quality education to the Girl Child whose education was under looked during that time. When she came to Uganda in 1903, she realized that if the Girl Child was given the opportunity of having formal education, she could be of more value and importance to the society. The school was dedicated to “St.Thereza” as its Patron Saint.

It is a Government aided, Catholic founded primary school. It is located along Jinja road 45km from Kampala city, in Mukono District just before Lugazi town. It is a fully boarding girls’ school from classes P.1 – P.7. It is one of the best performing schools not only in Mukono District but also the whole country. We admit pupils from all over Uganda and other neighbouring countries in East Africa.

The pupils enjoy a clean, quiet environment and excellent studying facilities with professionalism in all academic disciplines.

Our School Motto: With Discipline and Hard Work we Excel.

BACKGROUND; Muni girls' secondary school is the third Educational institution to be established after Muni Primary school and the National Teachers'College Muni. It has been in existance for the past 40 years. It has kept a good pace of growth and development. All the successive Administrators have done their best to maintain the place.

LOCATION: It is located 7km from Arua Town along Arua - Kampala highway. It lies in Nyio Parish - Muni village in Oluko Sub-County, Arua District. This school was founded by Inadi and West Nile Diocese in 1983 and is Government Aided. The school offers both Science and Art Subjects. It's purely Girls' School.

VISION: "To produce an educated, self- reliant and God fearing girl- child."

MISSION STATEMENT:
To provide quality Education and instill fear of God and Empowerment of the girl child to face the challenges of dynamic society."

BACKGROUND:
Wampewo Ntakke Secondary School was founded in 1966 by Stanley Semwanga who was a teacher of Gayaza Central primary school, now Wampewo day and Boarding Primary School. Wampewo Ntakke secondary school was founded under church of Uganda as a Technical college to provide technical skills to Wampewo Primary School leavers. The founder had a passion for the pupils and thought of a way to help these poor pupils access a lifelong training that will equip them with skills of employability and to enable them fit in the society even when they drop out of school.

Wampeewo Ntakke Secondary School currently has a student population of 2000 Students and employs about 60 teaching staff and 20 non-teaching staff.

SCHOOL MISSION:
"Wampewo Ntake Senior Secondary School mission is to offer affordable and quality education for all, for moral and spiritual development and academic excellence."

MOTTO: "Ekula Y'ebuuka "

INSTITUT SUPERIEUR DES CADRES MI LITAIRES (ISCAM)

BURUNDI MILITARY ACADEMY (BMA)

ISCAM COMMANDANT
COL HAMENYIMANA G.

HISTORICAL BACKGROUND

The Burundi Military Academy (BMA) was created in 1975. Before that time, there was a school called Armed Forces School (AFS) where young officers were trained. Since the creation of the Burundi Military Academy, cadets have been trained not only militarily but also academically.

VISION

To always be a center of excellence by providing Basic Military and Academic high quality Training to Officer Cadets.

MISSION

To provide basic military training to cadets up to the level of platoon leader and the academic training up to the Bachelor Degree.

MOTTO

"The Book and the Sword at the Service of Peace"

CORE VALUES

Patriotism, Loyalty, Cohesion and Discipline

ORGANIZATION

At the top, there is the Commandant of the Burundi Military Academy. He is assisted by five chiefs of main different services namely the Chief of the Military Training Service (the Deputy Commandant), the Chief of the Academic Training Service, the Chief of the Research Service, the chief of the Quality Assurance, and the Chief of personnel, administration and logistic Service. Under the Chief of the Academic Training Service, there are Deans of faculties. There are also commanders of intakes under the Chief of the Military Training Service.

GENDER

The place of gender in the Burundi National Defense Force in general and at BMA in particular is indeed highly considered. In the BNDF, there is an office in charge of gender issues. Men and women are equally treated and are offered equal opportunities.

MILITARY TRAINING

During the training period, cadets are trained to become highly qualified platoon leaders. They undergo physical training to become and remain physically fit. Apart from this, they are taught different military courses before starting academic training.

HEAD OF MIL TRAINING SERVICE AND DEPUTY COMMANDANT

ACADEMIC TRAINING

After the basic military training, cadets start the academic training after which they are awarded a bachelor's degree. At BMA, the following faculties are available: Economics and Management Sciences and Engineering Sciences.
There are also language programs:
The English program as a preparatory course for Officers who have to attend different courses (JCSC, SCSC, Aviation, etc) either locally or outside the country.
The French preparatory course that prepares English speakers students from EAC Partner States for academic studies provided in French. This course is offered to EAC students in the spirit of military Cooperation - EAC exchange of students program.
Officer Cadets are not limited to only the already mentioned two faculties, some attend different courses in other universities either public or private depending on the needs of the Burundi National Defense Force. They attend faculties such as Medicine, Law, Engineering, Psychology, Arts and Social Sciences, etc..., and even abroad.

HEAD OF ACADEMIC TRAINING SERVICE

RESEARCH

This branch was created on 22nd November 2018 and its mission is to promote scientific and technical research. It is also in charge of the efficient use of the libraries and laboratories (Language Lab and ICT Lab). The chief of this service is the one to identify the teaching materials and equipment, prepare and submit the action plan, and specify the related needed budget.

HEAD OF RESEARCH

QUALITY ASSURANCE

The Quality Assurance (QA) Office has the principal mission of ensuring that offered programs and courses at BMA adhere to mandatory standards and regulations of Higher Education as set by the national Ministry of Education and other regional Higher Education Institutions such as Inter-University council for East Africa. To carry out its mission, the QA Office considers the following standards :

- Are offered courses and programs taught the right way and by the right persons?
- Are there supporting infrastructure and Staff for the faculty? Do they work properly?
- Is there a clear strategic plan for educational institution and its departments?
- Are stated objectives being achieved using tangible markers?

HEAD OF QUALITY ASSURANCE

ADMINISTRATION, PERSONNEL AND LOGISTICS SERVICE

This service is in charge of Administration, Human Resources management and logistics matters such as food, transportation, fuel, medical care, clothing, etc. The chief of this service is assisted by a NCO.

HEAD OF LOGISTICS & ADMIN SERVICE

INSTITUT SUPERIEUR DES CADRES MI LITAIRES (ISCAM)

BURUNDI MILITARY ACADEMY (BMA)

OFFICER CADETS RECRUITMENT

LANGUAGE LAB

COMMAND HANDOVER TAKEOVER BETWEEN INTAKES

EAC CADET OFFICERS

WINNERS OF UNIVERSITIES COMPETIONS (FEMALE HANDBALL)

MAIN CURRENT REFORMS

Approval of programs into the two faculties: Faculty of Engineering Sciences and the Faculty of Economics and Management Sciences by the Ministry of National Education. The Faculty of Engineering Sciences was split into two departments namely Civil and Environmental Engineering and New Technology of Information and Communication (NTIC). The Faculty of Economics and Management Sciences was also split into two departments namely Management and Political Economics; Rehabilitation of some infrastructures like the Commandant's office, Classroom blocks and dining facilities.

FUTURE PERSPECTIVES

- Reinforcing partnership with other military academies of sister countries;
- Construction of Science Laboratory and Research Infrastructures
- Construction and equipment of a Video-Conference Room
- Introducing post graduate programs (Master's Degree);
- Exchanging instructors with other military academies ;
- Adjusting academic calendar to start in July like in other EAC military academies.
- Implementation of the Faculty of Physical Education and Sports
